Check Sora for your Fall Reading Lists.
Your Sora team has been busy updating Sora will all the latest titles needed for Fall, but we need your help. Take a moment and review your reading list to ensure the titles you need are available in Sora. If there are titles missing or you don’t see enough copies available, reach out to Jody or use our Request a Title form.

ACTION ITEM: Check Sora to ensure you have the titles & copy counts needed for Fall reading.
Meet your new Sora, by OverDrive Team Members!
In case you missed our July newsletter, we wanted to take a moment to reintroduce you to your new team members.

- **Jody Brookshire** - Jody is a dedicated e-learning and digital content Educational Account Executive with more than 25 years in the industry. Her background includes supporting districts with digital content, 21st Century technology initiatives, STEM & Robotics, and implementation of classroom management software.

- **Victoria Darnell** (**name change & soon to be 1st time mom**) - Victoria is the Account Manager for schools in District of Columbia, Delaware, Maryland, and New Jersey. Her focus is to actively engage students in learning, promote student independence, and highlight community talent.

- **Cara Leach** (**New Team Member**) - Cara has been with OverDrive since August 2020. She received her Bachelors in Early Childhood Education from Bowling Green State University and her Reading Endorsement from Ohio University. As a former educator and avid reader, Cara understands the value and importance reading plays in students' lives daily.

- **Sarah Wilsman** (**New Team Member**) - Reading is Sarah's only hobby. She has her BA in English from Kenyon College and her MLIS from Kent State University. Before coming to OverDrive Sarah managed Youth Services Departments in public libraries where her favorite part of the job was collection development. As a digital librarian for Delaware, she loves connecting students with great books.

**A message from Sarah Wilsman, your OverDrive Digital Content Librarian**

To support new readers, we created a collection of decodable books and early readers for **Emerging Readers** that includes the BOB books and the Pete the Cat I Can Read! Series.
The Blue Hen Award Nominees for 2023 are now available including

- **Starfish** (Printz honor book) and audio version
- **Heartstopper** (popular Netflix series)
- **Measuring Up** (ALA Top 10 Graphic Novel)

Popular content got a refresh so check out V is for Video Games! and The Summer I Turned Pretty Read Alikes while there are still some lazy days of summer left

- Check out Sarah Dessen's Along for the Ride (also on Netflix)
- Or read about the Fortnite craze in the Game On! Series

**Back to School Technology Updates**

As we head back to school, please make sure your technology/tech configurations are up to date!

- Does OverDrive have your current tech and librarian contacts’ information?
- Are any changes being made to LMS's, SIS's, or organizational units?
- Have you heard of the Sora Showcase! Learn how you can promote a culture of reading in your school with the Sora Showcase. Reach out to Cara Leach, your product support specialist to learn how you can customize the showcase for your school.

**Update the Student Dashboard**

August 1st starts a new year for the student dashboard. You will want to go into the Marketplace and update your dashboard with your student accounts. As a reminder, with this tool, educators can access robust student reading data from Sora. This includes number of books opened, hours of time read, number of reading sessions, active reading days, average time per session, average time per book, and achievements earned. Here is a quick video to walk you through how to create classes & monitor your student data.

To update the dashboard, log into the OverDrive Marketplace. Click INSIGHTS, then Click on Student Dashboard. **Note:** Only staff who have Marketplace access can view & create dashboards. To create a class, click the “Manage Class” button. Then Click “+ Add New Class”. Enter a Class Name. **Pro Tip:** If you are at the district level, you can create a “All Students” class.

Select your districts authentication name from the dropdown and then copy all your students email addresses and
paste them in the “User IDs” box. Each email address needs to be on a new line. (no commas needed). Sora will automatically include a filter by school name so there is no need to create a class for each school. You can also provide access to the Marketplace for Reading Specialists, ELA Coaches, teachers, librarians, or anyone else who will need access to this reporting. Each Marketplace user will need to create their own classes to view the data.

**Note:** For those that were using the dashboard but did not capture their data prior to yesterday, let us know. We pulled a report and can forward you your schools’ details.

### Data deep dive: who’s reading & top 10

As we close a year of access to Sora, we have a lot to be proud about. We have seen over **506,996 books borrowed** and over **195,089 hours read**. The latest data is below, but you also have access to this data for your district. If you would like to learn how to access your own usage data please reach out to **Jody**.
